Foot

First 32(36) stitches will form the instep (top of foot), with second 32(36) stitches forming the sole.

If you are knitting **2aat** this is the order in which the socks will be worked:

- On 1st sock, work Sock #1 chart over instep stitches.
- On 2nd sock, work Sock #2 chart over instep stitches.
- Knit all the sole stitches of 2nd sock.
- Knit all the sole stitches of 1st sock.

Sock #1

Work **Sock #1** chart in appropriate size over instep stitches (see Page 2 or 3).
Knit all sole stitches.

Continue knitting in pattern until foot measures 2” less than desired length of foot ending after **Row 4**.

Sock #2

Same as Sock #1, using **Sock #2** chart in appropriate size over instep stitches (see Page 2 or 3).
