### Confessions of a Knitaholic

After hours of toiling over the tiny stitches in a pair of socks,  
I still can't wait to start the next pair!

Join me in January as the Progressive Needles KAL continues with **Winter Buzz**, a delightfully fun mitten pattern. This toasty mitten features cables, a full-fashioned thumb gusset and more. (Our warm weather friends may opt for fingerless mitts.)

*Winter Buzz* uses Simpliworsted yarn for a soft and washable mitten. If you enjoyed Simplicity in the Triplicity shawllette you will adore its plump sister! The mittens use 2 skeins of Simpliworsted and US #5 and #7 needles with a gauge of 5.5 stitches per inch on larger size needles.
