Using two needles, cast on 24 stitches using Judy's Magic Cast On with 12 stitches on each needle.

Securing tail, knit first 12 stitches.

Knit second 12 stitches through the back loop.

Note to double point needle knitters: I find it best to rearrange stitches at this point. Place first 12 stitches on needle #1 for instep, 6 stitches on needle #2 and needle #3 for sole.

The toe pattern will emerge on the instep with the sole remaining in stockinette. At the completion of the toe, there will be 56 stitches.
