

## Intertwisted – Part Four Finishing

Supported with Video Lessons at [knitpurlhunter.com](http://knitpurlhunter.com)

### Materials...

US #10 double point needles

Optional: Needle at least 2 sizes smaller to aid in waste yarn removal.

### Instructions...

(For detailed instructions and photos, refer to online pattern.)

Remove waste yarn from Part #3 and place resulting 16 stitches on double point needle.

Remove waste yarn from Part #2 and place resulting 7 stitches on double point needle alongside Part #3. (23 stitches on the needle)

Remove waste yarn from Part #1 and place resulting 15 stitches on double point needle alongside Part #3 and Part #2. (38 stitches on the needle)

Beginning at the double point needle, braid the full length of the strips to achieve desired twist.

Taking care to leave the braid in tact, remove stitch holders and place resulting live stitches onto a second double point needle. **See *Braided Cowl* Video**

Fold braid with right sides together.

With a third double point needle, join stitches using Three Needle Bind Off. **See *Three Needle Bind Off Video***

TIP: A yarn tail from the strips makes a handy working yarn for the bind off. Hide any remaining tails in the bind off seam.

Turn to right side and enjoy!

## *Confessions of a Knitaholic*

Like life, knitting is full of surprising twists!

Join me in January 2013 for the next KAL!

The Progressive Needles Knit Along returns to sock knitting on January 3rd. The toe up design includes a beautifully unusual toe and heel complete with videos and tips for the novice and experienced alike. The featured yarn is HiKoo's brand new fiber, CoBaSi. This washable, sock weight yarn is a wool-free blend of cotton, bamboo and silk. Elastic nylon is added to the blend giving CoBaSi a surprising spring and softness with superior stitch definition. With over 20 colors available, one is perfect for you!

### **Materials**

Yarn

- 2 skeins CoBaSi by HiKoo, 50 grams/220yards each

Needles

- US #2 (2.75mm) or size needed to achieve gauge of 8.5 stitches per inch in stockinette. Socks may be knit with double points, two 24" for two circular method or 32" circular for Magic Loop method.
