

Cable Channel – Part Four

Supported with video lessons at knitpurlhunter.com

Finishing – See *Pillow Seaming Video*

Weave in ends and block piece if desired. Note: Kenzie blooms and softens with wet blocking.

Place pillow on top of wrong side of Front.

Fold piece at lifelines, overlapping Buttonhole Band by 2". (Piece may need to be stretched to overlap edges which creates a nice snug fit.) Pin in place and remove pillow form.

Pin sides together through all thicknesses.

Beginning at lower Front edge and using Mattress Stitch, close side seams catching overlapped Button Band. **See *Mattress Stitch Video***

Insert pillow form and sew buttons into place on Button Band.

If desired, make four tassels with remaining yarn and attach to corners. **See *Tassel Video***

(My tassels were made according to video over 3 ½" cardboard and wrapping yarn 60 times.

Each tassel used 5g of yarn.)
